Abdolsalam Rasouli

M.Sc. in Electrical Engineering
Shiraz University
Shiraz, Iran

Education

Year	Degree	Institute	GPA
2021–2024	M.Sc. Electrical Engineering	Shiraz University	19.24/20 (≈3.85/4.0)
2017–2021	B.Sc. Electrical Engineering	Shiraz University	17.37/20 (≈3.47/4.0)

Research Interests

- Smart energy management in power systems
- Accurate forecasting of electrical load consumption
- Implementation of AI/machine learning models for energy management
- Practical implementation of AI models in smart grids

Publications

- A. Rasouli, M. Rastegar, "An Ensemble of Deep Learning, Machine Learning, and Statistical Methods Stacked with Meta-Learning for Forecasting Net Energy Consumption in Multi-Carrier Energy Systems," *Energy*, 2025.
- A. Rasouli, M. Rastegar, M. Fakhrahmad, "Very Short-Term Class-Based Residential Load Forecasting: An Ensemble of Statistical, ML and DL Models with Cyclical Feature Engineering," *Iranian Journal of Science and Technology, Transactions of Electrical Engineering*, 2025.

Conferences and Seminars

- Presenter, Iranian Conference on Smart Grids — Presented paper: "Forecasting Electrical Load Consumption Using Hybrid Machine Learning Methods"

Honors and Awards

- Ranked 1st in the M.Sc. entrance cohort, Shiraz University
- Ranked among the top 3 students in the B.Sc. entrance cohort, Shiraz University
- Member, National Elites Foundation of Iran
- Ranked 299th in the Iranian National Mathematics and Technical Sciences University Entrance Exam (Konkur) among 148,429 participants, 2017
- Best Researcher in Engineering Fields, Shiraz University, 2026

Experience

- **Research Assistant** *2024 – 2026*
  Shiraz University Shiraz, Iran
  – Conducting research on AI/ML applications in power systems and smart energy management
- **Teaching Assistant — Power System Operation** *2023 – 2024*
  Shiraz University Shiraz, Iran
  – Assisted instruction and coursework for Power System Operation
- **Teaching Assistant — Electrical Circuits II** *2022 – 2023*
  Shiraz University Shiraz, Iran
  – Assisted instruction and coursework for Electrical Circuits II
- **Teaching Assistant — Electrical Circuits I** *2020 – 2021*
  Shiraz University Shiraz, Iran
  – Assisted instruction and coursework for Electrical Circuits I
- **Research Intern**
  Amvaj-e-Abi Knowledge-Based Company 6 months
  – Researched applications of artificial intelligence in electrical engineering
- **Researcher**
  Shiraz Water and Wastewater Company 6 months
  – Applied AI methods for improved energy management
- **Instructor, One-Day Deep Learning Workshop** *2025*
  Faculty of Electrical and Computer Engineering, Shiraz University Shiraz, Iran
  – Delivered a one-day workshop on deep learning fundamentals and applications

Projects

- **Power Grid Cybersecurity Enhancement** *12 months*
  - Securing power grid infrastructure against cyberattacks
- **Electrical Load Forecasting for Bushehr Province** *18 months*
  - Forecasting electrical load demand, including practical system design and implementation

Technical Skills

- **Programming Languages**: Python, C++, Java, HTML
- **Tools and Software**: MATLAB, GAMS, Microsoft Office
- **Technical**: Machine Learning, Deep Learning, Statistical Forecasting Models
- **Domain Expertise**: Power Systems, Smart Grids, Energy Management

Certificates

- Data Mining Course (Instructor), organized by the IEEE Student Branch, Shiraz University, 2023
- Deep Learning Workshop (Instructor), organized by the IEEE Student Branch and the Electrical Engineering Association, Shiraz University, 2025

References

- **Dr. Mohammad Rastegar**
  Full Professor of Electrical Power Engineering, Shiraz University Shiraz, Iran
- **Dr. Peyman Setoodeh**
  Research Engineer, McMaster University Hamilton, Canada
- **Dr. Reza Boostani**
  Full Professor, CSE Dept., ECE Faculty, Shiraz University — Among Top 2% Highly Cited Researchers Worldwide Shiraz, Iran
